

# I Run to You

I run to You like streams  
that are drawn into the sea,  
like a fire to kindled tree,  
like a child to dreams.  
like time to eternity  
my one and only destiny  
You are full.

Fill me.

I don't want to be more me.

I want to be new.

No me.

All You.

I want to hear Your voice.

Don't turn me away.

Bless me Father.

I won't leave until You do.
