

I Run to You

I run to You like streams
that are drawn into the sea,
like a fire to kindled tree,
like a child to dreams.
like time to eternity
my one and only destiny
You are full.

Fill me.

I don't want to be more me.

I want to be new.

No me.

All You.

I want to hear Your voice.

Don't turn me away.

Bless me Father.

I won't leave until You do.
